JUSTIFICATION FOR THE ADDITIONAL EXEMPTION CATEGORIES IN THE
LATEST WAGE ORDER (W.O. RX-15) OF NORTHERN MINDANAO

With reference to Section 2 of NWPC Guidelines No. 02, Series of 2007, on the
Amended Rules on Exemption, this Regional Board – X respectfully submits the following
strong justification for the retention of two exemptible categories under Wage Order No. RX –
14, to wit:

Additional Exemption Categories:

d. Establishments whose total assets, including those arising from loans, but exclusive of
the land which the particular business entity’s office, plant and equipment are situated,
are not more than Three Million Pesos (P3,000,000.00)

f. Establishments producing handicraft gift items using indigenous materials.

Reasons:

a. For letter (d) above mentioned, this was already added in Wage Order RX- 13, and is
maintained because of the current economic situation and especially in these times of
ramtant power supply shortage affecting the operation of concerned establishments,
thereby giving them time to recoup with their finances.

This is to address the constant increases of cost of goods and commodities and
operational costs of the business sectors since some establishments in Northern
Mindanao can no longer compete and provide workers with adequate living wage for
everyday sustenance. Yet, despite economic instability, establishments pursued to
keep the business and continue operating while negotiating for better terms with
consumers as well as continue with legal cost reduction schemes.

b. For letter (f) above mentioned, i.e. Salay Handmade Paper Industries, Inc. (SHAPII), a
producer and exporter of handmade paper located in the fourth class municipality of
Salay, Misamis Oriental, is a fair trader with a niche only in the international market.
The said establishment is at a disadvantaged due to stiff competition with other
countries, such as China’s high production volume and cheaper products, thereby
adversely affecting the establishment’s business.

SHAPII’s volume production is dependent upon its transactions in International Trade
Fairs. One of the requirements for the traders to be in the mainstream of fair trading
is compliance to laws, i.e. Minimum Wage Law and non-compliance of any applicable
laws will disqualify the traders to bid. SHAPII is labor intensive and wants to keep the
employment of the workers but cannot qualify under any of the existing exemptible
categories of the Wage Order and neither can it qualify for BM&E registration as its
asset is more than Three Million Pesos.

Hence, in an effort to promote local handicraft products and safeguard the workers
and the business, it is included in the exemptible categories thereby fostering
sustainable export environment and business viability.

FOR APPROVAL.
