JUSTIFICATION FOR THE ADDITIONAL EXEMPTION CATEGORIES IN THE LATEST WAGE ORDER NO. RX-16 OF NORTHERN MINDANAO

With reference to Section 2 of NWPC Guidelines No. 02, Series of 2007, on the Amended Rules on Exemption, this Regional Board – X respectfully submits the following strong justification for the additional exemption categories in the latest Wage Order No. RX – 16 of Northern Mindanao, to wit:

Additional Exemption Categories:

b. Distressed establishment and other sectors adversely affected by the economic crisis as determined by the Board;

d. Establishments whose total assets, including those arising from loans, but exclusive of the land which the particular business entity's office, plant and equipment are situated, are not more than Three Million Pesos (₱3,000,000.00)

f. Establishments producing gifts, toys and housewares (GTH) items using indigenous materials

Reasons:

a. For letter b, the additional statement “and other sectors adversely affected by the economic crisis as determined by the Board” was added in view of the Wood Industry in Northern Mindanao affected by the issuance of Executive Order No. 23 Declaring a Moratorium on the Cutting and Harvesting of Timber in the Natural and Residual Forests and Creating the Anti-Illegal Logging Task Force (refer to attached document).

Many establishments in Northern Mindanao have impending closure because the said establishments could not cope with the five-year log supply contract and China (their biggest market) stopped buying from them. Most likely, between July to December 2011, twenty-five thousand (25,000) directly employed workers will be out of work. The number could post higher if it will include contract-based workers.

b. For letter (d) above mentioned, this was already added in Wage Order RX: 13 to 15, and is maintained because of the current economic situation and the volatile oil prices affecting the operation of concerned establishments, thereby giving them time to recoup with their finances.

This will also address the constant increases of cost of goods and commodities and operational costs of the business sectors since some establishments in Northern Mindanao can no longer compete and provide workers with adequate living wage for everyday sustenance. Yet, despite economic instability, establishments pursued to keep the business and continue operating while negotiating for better terms with consumers as well as continue with legal cost reduction schemes.

c. For letter (f) above mentioned, establishments producing gifts, toys and housewares (GTH) items using indigenous materials are mostly exporters with a niche only in the international market. The said establishments are at disadvantaged due to stiff competition with other countries, such as China’s high production volume and cheaper products, and volume production is dependent
upon its transactions in International Trade Fairs. One of the requirements for the traders to be in the mainstream of fair trading is compliance to laws, i.e. Minimum Wage Law and non-compliance of any applicable laws will disqualify the traders to bid. Moreover, GTH establishments are labor intensive and want to keep the employment of the workers but cannot qualify under any of the existing exemptible categories of the Wage Order and neither can it qualify for BMME registration as its asset is more than Three Million Pesos.

Hence, in an effort to promote local handicraft products and safeguard the workers and the business, it is included in the exemptible categories thereby fostering sustainable export environment and business viability.

FOR APPROVAL.
